

surveyed without expense to the settler, provided he submits, within five years from the date of the filing of notice of settlement claim in the proper office, an application to enter on a form approved by the Director and acceptable final or commuted homestead proof as required by § 2567.7(a).

(b) *At expense of settler.* A settler who wishes to secure earlier action in the matter of survey may have a survey made at his own expense by a deputy surveyor appointed by the authorized officer of the Bureau of Land Management.

(c) *Application to enter land included in special survey.* After a special survey has been made, in accordance with paragraph (b) of this section, application to enter should be made as in the case of other settlements on surveyed lands.

§ 2567.7 Proof.

(a) *Submission.* (1) Proof may be submitted without previous notice of intention by publication.

(2) Whenever the claimant is ready to submit proof, he may appear, with two witnesses having knowledge of the facts, before either the authorizing officer of the proper office for the district in which the land is situated or before any other officer authorized to administer oaths in homestead cases and submit proof of his residence, cultivation, and improvements on the land. The proof testimony must be filed in the proper office.

(3) Where the proof establishes that the entryman cannot effect timely compliance with the law, the entry must be canceled unless statutory authority permits the granting of an extension of time or other relief.

(b) *Publication and posting.* (1) Where a special survey has been made, the notice of proof must give the survey number of the land, and it must be published once a week for nine consecutive weeks, in accordance with § 1824.3 of this chapter, at the expense of the applicant, in a newspaper designated by the authorizing officer as being one of general circulation nearest the land. Moreover, during the period of publication the entryman must keep a copy of the plat, and of his notice of having

made proof, posted in a conspicuous place on the land.

(2) Where the public system of surveys has been extended over the land, and the claimant has an entry allowed in conformity therewith, notice must be published once a week for 5 consecutive weeks in accordance with § 1824.3 of this chapter. The authorizing officer must cause a copy of the notice to be posted in his office during the entire period of publication.

(c) *Effect of transfer of land before proof.* In Alaska, as elsewhere in the United States, a forfeiture of the claim results from a transfer of any part of the land or of any interest therein before the submission of the proof, with certain exceptions specified by law. In the State transfers for church, cemetery, or school purposes to the extent of 5 acres and for railroad rights of way across the land having an extreme width of 200 feet are permitted.

(d) *Adverse claim.* (1) In conformity with provision contained in section 10 of the Act of May 14, 1898 (30 Stat. 413; 48 U.S.C. 359), during the period of posting and publication or within 30 days thereafter any person, corporation, or association, having or asserting any adverse interest in or claim to, the tract of land or any part thereof sought to be acquired, may file in the proper office where the proof is pending, under oath, an adverse claim setting forth the nature and extent thereof, and such adverse claimant shall, within 60 days after the filing of such adverse claim, begin action to quiet title, in a court of competent jurisdiction in Alaska, and thereafter no patent shall issue for such claim until the final adjudication of the rights of the parties, and such patent shall then be issued in conformity with the final decree of the court.

(2) Where such adverse claim is filed, action on the proof will be suspended until final adjudication of the rights of the parties in the court or until it has been shown that the adverse claimant did not commence an action in the court within the time allowed.

(3) Any protest which may be filed which does not show that the protestant intends to commence an action to quiet title, as stated, and any contest which may be filed will be disposed of

Subpart 2610—Carey Act Grants, General

§ 2610.0-2 Objectives.

The objective of section 4 of the Act of August 18, 1894 (28 Stat. 422), as amended (43 U.S.C. 641 *et seq.*), known as the Carey Act, is to aid public land States in the reclamation of the desert lands therein, and the settlement, cultivation, and sale thereof in small tracts to actual settlers.

§ 2610.0-3 Authority.

(a) The Carey Act authorizes the Secretary of the Interior, with the approval of the President, to contract and agree to grant and patent to States, in which there are desert lands, not to exceed 1,000,000 acres of such lands to each State, under the conditions specified in the Act. The Secretary is authorized to contract and agree to grant and patent additional lands to certain States. After a State's application for a grant has been approved by the Secretary, the lands are segregated from the public domain for a period of from 3 to 15 years, the State undertaking within that time to cause the reclamation of the lands by irrigation. The lands, when reclaimed, are patented to the States or to actual settlers who are its assignees. If the lands are patented to the State, the State transfers title to the settler. Entries are limited to 160 acres to each actual settler.

(b) The Act of June 11, 1896 (29 Stat. 434; 43 U.S.C. 642), authorizes liens on the land for the cost of construction of the irrigation works, and permits the issuance of patents to States for particular tracts actually reclaimed without regard to settlement or cultivation.
